

## **Table of Contents**

- 1. Introduction**
- 2. Approaches to Understanding Metabolic Pathways**
- 3. Plant Cell Structure**
- 4. Light Reactions of Photosynthesis**
- 5. Photosynthetic Carbon Assimilation**
- 6. Respiration**
- 7. Synthesis and Mobilization of Storage and Structural Carbohydrates**
- 8. Nitrogen and Sulfur Metabolism**
- 9. Lipid Biosynthesis**
- 10. Alkaloids**
- 11. Phenolics**
- 12. Terpenoids**
