Contributors v

Preface viii

1

Virus Evolution 1

Jemma L. Geoghegan • Edward C. Holmes

2

Picornaviridae: The Viruses
and Their Replication 30

Amy B. Rosenfeld • Vincent R. Racaniello

3

Enteroviruses: Polioviruses,
Coxsackieviruses, Echoviruses,
and Newer Enteroviruses 86

Carolyn B. Coyne • M. Steven Oberste •

Mark A. Pallansch

4

Caliciviridae: The Viruses and
Their Replication 129

Christiane E. Wobus • Kim Y. Green

5

Togaviridae: The Viruses
and Their Replication 170

Richard J. Kuhn

6

Alphaviruses 194

Diane E. Griffin • Scott C. Weaver

7

Flaviviridae: The Viruses
and Their Replication 246

Brett D. Lindenbach • Glenn Randall •

Ralf Bartenschlager • Charles M. Rice

8

Hepatitis C Virus 302

Christopher Walker

9

Flaviviruses: Dengue, Zika,
West Nile, Yellow Fever

and Other Flaviviruses 345
Theodore C. Pierson • Helen M. Lazear •
Michael S. Diamond
10

Coronaviridae: The Viruses
and Their Replication 410
Stanley Perlman • Paul S. Masters
11

Filoviridae 449
Jens H. Kuhn • Gaya K. Amarasinghe •
Donna L. Perry
12

Paramyxoviridae: The Viruses
and Their Replication 504
Richard K. Plemper • Robert A. Lamb
13

Henipaviruses: Hendra
and Nipah Viruses 559
Benhur Lee • Christopher C. Broder •
Lin-Fa Wang
14

Orthomyxoviridae: The Viruses
and Their Replication 596
Florian Krammer • Peter Palese
15

Orthomyxoviruses 649
Gabriele Neumann • John J. Treanor •
Yoshihiro Kawaoka¹⁶

Bunyavirales: The Viruses
and Their Replication 706
John N. Barr • Friedemann Weber •
Connie S. Schmaljohn
17

Orthohantavirus, Orthonairovirus,
Orthobunyavirus and
Phlebovirus 750
Christina F. Spiropoulou • Dennis A. Bente
18

Arenaviridae: The Viruses
and Their Replication 784

Sheli R. Radoshitzky • Michael J. Buchmeier •

Juan Carlos de la Torre

Index 811
