James A. DeCaprio • Michael J. Imperiale •

Hans H. Hirsch

2 Papillomaviridae: The Viruses
and Their Replication 45

Alison A. McBride • Peter M. Howley

3 Papillomaviruses 68

John T. Schiller • Douglas R. Lowy

4 Adenoviridae: The Viruses
and Their Replication 98

Patrick Hearing

5 Adenoviruses 129

Thomas Lion • William S. M. Wold

6 Parvoviridae 172

Colin R. Parrish

7 Circoviridae and Anelloviridae 197

Xiang-Jin Meng • Yao-Wei Huang

8 The Family Herpesviridae:

A Brief Introduction 212

Laurie T. Krug • Philip E. Pellett

9 Herpes Simplex Viruses:

Mechanisms of Lytic and

Latent Infection 235

David M. Knipe • Ekaterina E. Heldwein •

Ian J. Mohr • Catherine N. Sodroski

10 Herpes Simplex Viruses: Pathogenesis
and Clinical Insights 297

Richard J. Whitley • Christine Johnston

11 Epstein-Barr Virus 324

Benjamin E. Gewurz • Richard M. Longnecker •

Jeffrey I. Cohen

12 Cytomegalovirus 389

Felicia Goodrum • William Britt • Edward S. Mocarski

13 Varicella–Zoster Virus 445

Ann M. Arvin • Allison Abendroth
14 Human Herpesviruses 6A, 6B,
and 7 489

Yasuko Mori • Danielle M. Zerr • Louis Flamand •
Philip E. Pellett
15 Kaposi's Sarcoma Herpesvirus 513

Blossom Damania • Ethel Cesarman
16 Poxviridae: The Viruses and
Their Replication 573

Bernard Moss • Geoffrey L. Smith
17 Poxviruses 614

Panayampalli S. Satheshkumar • Inger K. Damon
18 Hepadnaviridae 641

Christoph Seeger • Fabien Zoulim • William S. Mason
19 Hepatitis D (Delta) Virus 683

Camille Sureau • Paul Dény
20 Mimiviridae 704

Matthias G. Fischer
Index 725
