# Click at “Turnitin”

The screenshot shows the website of the Central研究院 Life Science Library. The header includes the library's name in Chinese and English, a language selector set to "Chinese", and social media icons for Facebook, WordPress, YouTube, and Instagram. A green navigation bar contains links for SiteMap, Resources, FAQ, Applications, Exhibition, and Resource Links. Below this, a breadcrumb trail shows "Home / Applications". A teal sidebar on the left is labeled "Applications". The main content area is titled "Applications" and contains two instructions: "Must be in Sinica Network" with an "SSO login" button, and "Life Science Institutes Only : 『Purchase Request』 、 『DDS』". At the bottom, there is a grid of six buttons: "Info" (green), "Purchase" (blue), "DDS" (pink), "IPA" (olive), "Turnitin" (purple, highlighted with a red dashed border), and "Classes" (light blue).

START	DUE	POST	STATUS	ACTIONS
Before you or your students can submit a paper, you first need to create an assignment.				

# Creating an Assignment

## About this page

This is the first step in creating an assignment. Use the radio buttons to select an assignment type. Please note a paper assignment must exist before any other assignment type can be created.

### Select your assignment type

3

☒ Paper Assignment

#### Paper Assignment

Paper Assignment -The paper assignment type is the base assignment for all other assignments types (PeerMark, Revision, and Reflection).

When creating a paper assignment there are three dates that instructors will need to set: the start date, the due date, and the post date.

Next Step

# Creating an Assignment

## About this page

To create an assignment, enter an assignment title and choose the start and due dates for the assignment. If you like, you can enter an additional assignment description. By default, papers submitted to this assignment will be checked against all of our databases. If you would like to create a custom search or view other advanced assignment options, click the "Optional settings" link.

4

### New Assignment

Assignment title ?

☐ Allow only file types that Turnitin can check for similarity

☒ Allow any file type ?

Submit papers to: ?

+ Optional settings

Submit

Enter the assignment title

The default option is to 'Allow only file types that Turnitin can check for originality'.

The option of **"Allow any file type"** is recommended.

# Creating an Assignment

## About this page

To create an assignment, enter an assignment title and choose the start and due dates for the assignment. If you like, you can enter an additional assignment description. By default, papers submitted to this assignment will be checked against all of our databases. If you would like to create a custom search or view other advanced assignment options, click the "Optional settings" link.

4

Students are **only able to submit once the start date and time has passed.**

After the due date and time, **students will be blocked from submitting papers.**

# Creating an Assignment

The screenshot shows a form for creating an assignment with three sections highlighted by dashed blue boxes and annotated with text:

- Allow submissions after the due date?** ☐ Yes ☒ No. **Yes:** Students will be able to submit to the assignment after the due date, **providing they have not previously made a submission.** **No:** Students will not be able to submit after the due date.
- Similarity Report**  
**Generate Similarity Reports for submissions?** ☒ Yes ☐ No. **If select 'No', no similarity reports will be generated.**
- Generate Similarity Reports for student submission**  
immediately (can overwrite reports until due date) ▾

## 1. Immediately (first report is final) (default) :

Similarity Reports will be generated immediately. **Students cannot resubmit papers.**

## 2. \*Immediately (can overwrite reports until due date) :

Students may resubmit as often they need to until the due date.

The **FIRST THREE resubmissions** will generate a new Similarity Report **straight away**.

**AFTER THREE attempts, a 24-hour wait** is enforced to generate Similarity Reports for all subsequent resubmissions.

## 3. On due date : Similarity Reports will not be generated until the due date and time of the assignment.

Students may resubmit as many times as needed until the due date and time **without receiving reports**.

# Creating an Assignment

The screenshot shows a settings panel for creating an assignment. It contains five toggle switches, each with a 'Yes' and 'No' option. A blue bracket on the left groups the first three settings. A red dashed box highlights the 'Allow students to see Similarity Reports?' setting. To the right of the settings, there are three paragraphs of text explaining the implications of these settings.

**Exclude bibliographic materials from Similarity Index for all papers in this assignment?** ⓘ  
☐ Yes  
☒ No

**Exclude quoted materials from Similarity Index for all papers in this assignment?** ⓘ  
☐ Yes  
☒ No

**Exclude small sources?** ⓘ  
☐ Yes  
☒ No

**Allow students to see Similarity Reports?** ⓘ  
☒ Yes  
☐ No

**Enable Translated Matching? (Beta)** ⓘ  
What languages does Translated Matching support?  
☐ Yes  
☒ No

Exclude certain type of texts such as bibliographical materials, quotations or small sources when generating Similarity Report for all papers submitted to this assignment folder.

These 3 settings can be overridden or adjusted in individual Similarity Reports via the document viewer.

**If 'No' is selected, students can't view the reports.**

Text written in languages other than English will be translated into English, then compared with Turnitin's English content to generate a separate report.

# Creating an Assignment

# AI Detection (Instructors' view only)

Mary Chen  
Homework\_The History of AI Development

the collection of immense data sets.

In this essay, we will explore the history of AI development, including its early beginnings, breakthroughs, setbacks, and recent advancements.

**Early Beginnings**

The roots of AI can be traced back to the 1940s and 1950s when scientists were exploring the concept of electronic brains. In 1943, Warren McCulloch and Walter Pitts proposed a model of a neural network, which inspired the development of

neural networks and deep learning algorithms. In 1950, Alan Turing proposed the Turing Test, a benchmark for measuring a machine's ability to exhibit intelligent behavior equivalent to, or indistinguishable from, that of a human. This test laid the foundation for natural language processing (NLP) and speech recognition technology.

**Breakthroughs and Setbacks**

In the late 1950s and 1960s, AI experienced a significant breakthrough with the development of the perceptron, an algorithm that could learn to recognize patterns in data. However, this progress was short-lived, and AI experienced a setback in the 1970s due to a lack of funding and the inability of computers to process the vast amounts of data required for AI to function effectively. In the 1980s and 1990s, AI experienced a resurgence with the development of expert systems, which could mimic the decision-making abilities of human experts. However, these systems were

How much of this submission has been generated by AI?

## 4 Exclude Assignment Template

Originality Check will disregard the template uploaded by the instructor in the assignment advanced setting.

\*If the Exclude Assignment Template setting does not appear, it has not been enabled in the assignment settings and can no longer be enabled for an assignment with submissions.

Prompt: Today you will read "The Making of a Scientist," an essay by Richard Feynman. Dr. Feynman was a famous American physicist, a scientist who studies matter and energy. Although the passage explains some of the science lessons Feynman's father taught him, it could be argued that the life lessons Feynman learned are more valuable.

Write an essay explaining the life lessons Feynman learned from his father. In your explanation, be sure to explain how Feynman's father taught him these lessons. Use examples and details from the text to support your answer.

New Report

» **Could you tell me what percentage of Similarity score given by Turnitin is appropriate?**

**In my case, I got 19% from Turnitin, is it OK?**

# Turnitin is a tool detecting text similarities.

The similarity score is NOT the plagiarism indicator.  
Human interpretation is always required.

# High similarity score ≠ Plagiarism

It may include **false positives**. False positives could be:

- » 1. Terms usually used in your field, grammatical terms, the names, affiliations, methods and methodology.
- » 2. Reference list, properly cited and/or quoted text or text for which permission has been received.
- » 3. Your own published paper or work stored in Student Paper database.

# **Students should consult their instructors on how to enhance the original writing**

Rewrite the text.

Or they may use the filter  to reduce the similarity score.

If it's appropriate, the instructor can also help them to  
exclude certain sources.

# 'No Magic Number'

Therefore, based on the above situation it is difficult to clearly define an ideal similarity score.

**The best way is to discuss the appropriate criteria with the department or instructors/advisors.**

Or refer to the publishing policy of publishers and journals. EX: IEEE.

## Original text with highlighted matches

### A Communist Heritage of Forgetting and Remembering: The Statue Park in Budapest

Soviet Union in the late 1940s adopted an aggressive ideological campaign to consolidate the regime through East-Central Europe. The most visible aspect was the massive public display of revolutionary symbols in cities under iron curtain. Flags feature the hammer and sickle, emblems of unity between industrial and agricultural workers in the class struggle; Buildings were crowned with Red star of communism, posters of Marx-Engels-Lenin-Stalin on the wall, whilst statues of heroes and communist comrades were erected, with heads uplifted, staring unblinkingly into the future.

When the Eastern-Central European dictatorships demised in 1989-90, political upheavals often followed with popular demonstrations in which many visible symbols were destroyed: socialist-inspired street and square were quickly renamed, emblems as the Berlin Wall or the Stalin statue were torn down, and the fate of these public memorials carving communist ideology became an important issue. Some material legacy can be rapidly effaced. However, other built heritage – the plethora of monumental buildings or tower blocks built for industrial workers – will persist for much longer, reminding a period of history that many people want to forget.

Despite most people in this region has confusing attitude toward this recent past, they can't stop a tide-like growing interest among Western tourist of material legacy of communism. In consequence, many former-associated communist sights were constructed as "attractions" for the gaze of Western tourist. The promotions of these

## ① Submission ID

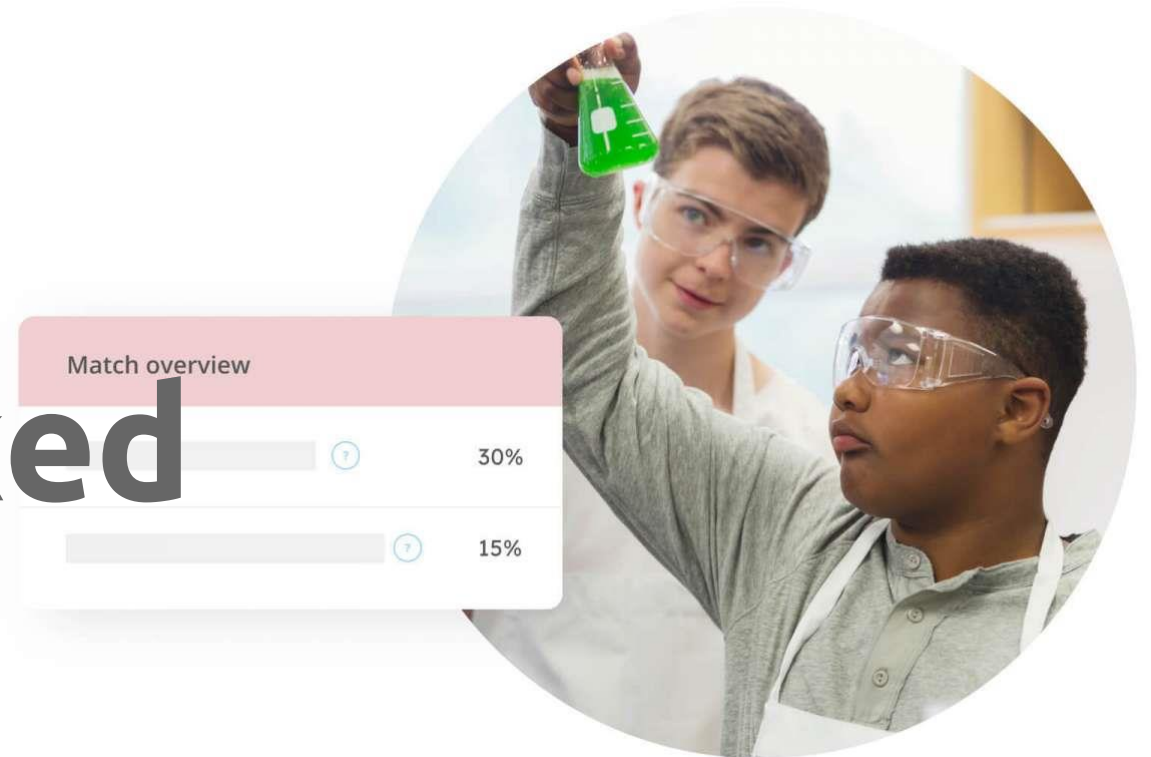

If you encounter any issues, please contact LSL staff with the error screenshot and your **submission ID**.

## ② Submission Count

This number indicates **how many times you submitted papers** to this assignment.

**For Students: From the 4<sup>th</sup> time, they have to wait 24 hours to get the report.**

# Frequent Asked Questions

» **1. I got a high similarity score, and the first matches are my previous drafts, what can I do?**

» **Instructors may have inadvertently stored their papers or students' drafts in Turnitin database.**

## How did the instructor upload the papers?

❶ Via **Quick Submit**

Select the paper(s) and click at "**Request permanent deletion**" in the inbox.

❷ Via **Assignment folders**:  
The inadvertently stored papers **are in the inbox**

1. Select the paper(s) and click at "**Request permanent deletion**" in the inbox.
2. Change the assignment setting to "**No Repository**"

❸ Via **Assignment folders/Quicksubmit**:  
The inadvertently stored papers **are deleted** from the inbox

Reaching out to [tiisupport@turnitin.com](mailto:tiisupport@turnitin.com).  
Request for the reinstatement of the deleted content.

The LSL Turnitin account Administrator will receive the request .

If the administrator approve instructors' request and delete the paper, the instructor will receive a message in their Turnitin message inbox.  
(No email notifications)

## After the paper(s) were deleted

### For instructors

1. Confirm the assignment settings had been changed to "**No Repository**" for not storing new papers in the database.
2. Access the report. Click at the Filter and Settings  and use the "**New Report**" button to regenerate your report.

### For students:

Student may resubmit the paper, the high similarity match should be removed.

» **3. I removed a paper from the inbox when I actually wanted it to be deleted. Can it be recovered?**

» Please email to Turnitin Technical Support Team regard to the recovering.

1. If a paper was **indexed in the database**, remove it from the inbox will still be able to be matched against in any future Similarity Reports.
2. Papers can be recovered after removing them from the inbox by **contacting Turnitin Technical Support Team** ([tiisupport@turnitin.com](mailto:tiisupport@turnitin.com)).

The more information you can provide, such as a class name, student's name, assignment title, paper ID etc, the quicker the process will be.

3. Once recovered to the inbox, you can then **make a permanent deletion request**.
4. Nothing will happen to the paper itself **until your Turnitin Administrator has approved the request**. If Turnitin finds any matches to the paper before the administrator has approved the request, the paper will still show in Similarity Reports.
