Why cannot PDF be opened from E-Journal ?

- Please check our e-journals list first to figure out whether it is permitted to use. LSL provides some free publications, but they may have been canceled based on the policy from the publisher.

- PDF file is too large. Click directly on it, wait for a long time, and see no archive appear, make you believe there is a problem with the server or file. Please right-click and save the archive to your computer and open it. (The size of the archive is 28M)
